

**Neighbourhood and Commercial**

**Strategic Director:** Michele Moloney

3 February 2017

Dear Resident,

**Construction of a blended 'Copenhagen' crossing on Dyers Hall Road**

I am writing to let you know that work to construct a new blended 'Copenhagen' crossing on Dyers Hall Road, at its junction with Grove Green Road will start on **Monday 13 February**.

The blended 'Copenhagen' crossing design prioritises pedestrians at junctions, improves access for walking and cycling, and improves road safety.

We sent you a leaflet last year explaining the results from the public consultation held in January 2016, and when the works would start. You can find this leaflet online at [www.enjoywalthamforest.co.uk/work-in-your-area/leytonstone-town-centre/public-consultation-results](http://www.enjoywalthamforest.co.uk/work-in-your-area/leytonstone-town-centre/public-consultation-results).

Work will take place between 8am and 5pm, Monday to Saturday, and will take around two weeks to complete, weather permitting. We will construct the blended 'Copenhagen' crossing in two halves to maintain access for vehicles and pedestrians. Temporary traffic management will be in place during this time to minimise disruption to travel.

Please bear with us over the next few weeks so we can make these improvements to the area as soon as possible. Our contractors will be working to keep disruption to an absolute minimum and we will post regular construction updates online at [www.enjoywalthamforest.co.uk/work-in-your-area/leytonstone-town-centre](http://www.enjoywalthamforest.co.uk/work-in-your-area/leytonstone-town-centre).

Thank you for your patience and in the meantime, if you would like to discuss the construction work further, please contact me on 020 8496 1017 or email [simon.barrett@walthamforest.gov.uk](mailto:simon.barrett@walthamforest.gov.uk).

Yours faithfully

**Simon Barrett**
