

Perky Blenders are cutting edge coffee roasters of Walthamstow E17. Epically sourcing green beans, hand roasting and posting coffee through letterboxes nationwide. Not content with just that, they are a proud and fully supportive member of Christmas Courier.

They launched one year ago and have quickly become a strong local company and go to brand for delicious coffee. Recently wining, Best Cafe & Coffee Shop in the TimeOut Love London Awards 2016. Not bad as first year achievements go.

Where can I get this fantastic coffee I hear you shout? Well, there are various ways you can get your coffee fix during the week. Freshly brewed on weekday mornings from the well-stocked Piaggio Apé coffee van at Gnome House, Blackhorse Lane and on Saturday at the thriving E17 Village Market, Orford Road. If you prefer, relax and sip their delicious blends in great locations including The Hornbeam Cafe, Incoming Coffee at Walthamstow Central, Wynwood Art District Coffee House or if you are looking for Decaf, Hucks Cafe.

Rest assured their coffee is epic but so are their ethics, responsibly sourcing superior quality beans and paying prices far higher than those of Fair trade. Coffee has never tasted so good.

Christmas Courier and Perky Blenders have joined forces to bring you coffee and festive cheer right to your front door. Pre order your coffee beans from the 1 December and enjoy free delivery by one of our shiny new cargo bikes from the 12 to 23 December. Open to all E17 Walthamstow residents.
