Strategic Director: Michele Moloney

19 October 2016

Dear Residents/Businesses,

RE: Shernhall Street – Road resurfacing

As part of our ongoing highway improvement works in Shernhall Street I am writing to let you know that road resurfacing works will take place in Shernhall Street between Prospect Hill and Maynard Road from Monday 14 November 2016. This work should take two weeks to complete (weather permitting) and will take place between 9.30am and 3.30pm, Monday to Friday.

From Monday 14 November we will begin resurfacing Shernhall Street and install a raised table at the junction of Church Hill Road and Church Lane **which involves raising the road to pavement level to encourage vehicles to slow down when approaching the junction.** During this time Shernhall Street will be closed to all vehicles between Prospect Hill and Brookfield Avenue, and there will be no vehicle access to this section of Shernhall Street from the side roads except for emergency vehicles. Pedestrians will still be able to walk along the street as normal.

At this time access to Church Hill Road will be made available via Church Hill through the newly built closure. We will restrict the access to Church Lane whilst resurfacing works are being carried out and I would be grateful that if you are planning to make any journeys during this time that you make arrangements to leave vehicles outside the limits of the work to avoid any delay in your journey.

From Monday 21 November we will begin resurfacing Shernhall Street between Brookfield Avenue and Maynard Road. During this time Shernhall Street will be closed to vehicles between Brookfield Avenue and Maynard Road and there will be no access to this section of Shernhall Street from the side roads except for emergency vehicles.

As Burns Close is 'No Through Road' with no alternative route there will be no access to vehicles while the road resurfacing is being carried out.

Advance warning signs and temporary diversion signs will be placed in the area to let drivers know that work is taking place and to prevent congestion. Parking will be suspended on Shernhall Street between Prospect Hill and Eastern Road and at the first 30 metres of the adjoining side roads.

To keep the works on track, we are asking local residents and businesses to avoid parking in the area until the work has finished. "No parking" signs and cones will be placed in the area and if necessary, penalty notices will be issued and as a last resort vehicles will be removed and impounded if they are parked in a space that obstructs works. You can find contact details for the Council's parking enforcement contractors and details of their charges overleaf, should you need them. Parking will still be available in the adjacent roads during the works, so please use this space instead.

While we appreciate that this is an inconvenience, we hope that you will bear with us for these two weeks period, so we can make these improvements to the area as soon as possible. Our contractor, Riney, will be working to keep disruption to an absolute minimum.

**WALK
CYCLE
ENJOY**
